The liver is rich in vitamins and minerals. It contains concentrated iron that separates anemia, zinc that contributes to prostate health, vitamin A, vitamin B12 that participates in obtaining energy in the body, vitamin B12, a factor in the aging of new cells, and many others.

Fish oil is one of the richest sources of Omega3 fatty acids in nature, which play a key role in brain function, reduce the risk of heart disease, and affect blood cholesterol and high blood pressure.

Vegetables contain a lot of carbohydrates and very little protein. For this reason, potatoes are an excellent source of energy. With vitamin C and B complex, potatoes help good absorption of carbohydrates.

Indoor & Sterilized Cat Food

DESCRIPTION

Completely nutritionally balanced food for adult sterilized and domestic adult cats. The food was developed based on experience, taking into account the latest scientific discoveries, and contains quality raw materials with satisfactory nutritional parameters, and at the same time guarantees a balanced amount of all necessary nutrients and safe quality. In each bag of Quick-paw food, you will find a selective combination of proteins, carbohydrates, fats, and other nutrients that your cat needs. Our high standards of testing, monitoring, and control as well as a specially designed formula ensure top-quality cat food.

Grain Free

DESCRIPTION

Quick paw Grain Freee je posebno nutricionistički balansirana hrana za mačke. Ljubitelji ovih malih, umiljatih stvorenja znaju da su mačke sinonim za izbirljivost kada je hrana u pitanju. Mi smo se potrudili da dizajniramo hranu koju će voljeti i najzahtjevnija mačka. Naša nova Quick-Paw Grain Free hrana bez dodatnih žitarica bogata je dehidriranim pilećim proteinom, graškovim škrobom, krompirovim pahuljicama, hidroliziranom pilećom jetricom, te ostalim jako bitnim i zdravim namirnicama koje su neophodne za zdravlje Vaše mačke.

Cat Litter

DESCRIPTION

Quick-Paw cat litter is ideal for sprinkling for demanding cat hygiene. This naturally obtained litter with no added bleaches or dyes contributes to the maximum cleanliness of a small cat's toilet, and is also safe for drains, and unclean litter can be safely poured into the toilet bowl. Quick-paw litter for cats has the power to absorb large amounts of liquid, and to form small solid lumps in which the liquid is trapped. Precisely for the reason that only those small lumps have to be replaced, Quick-paw litter for cats is extremely economical, and the addition of soda further increases its antibacterial effect.

Cat Litter

Super Premium

COMPOSITION OF RAW MATERIALS

Cat litter made from natural organic raw materials without bleach or dye. Anti-bacterial effects with reliable absorption of unpleasant odors.

TYPE OF USE

- Fill up to a height of approx. 5 cm
- Remove lumps and solid feces daily
- Top up with fresh sprinkle after cleaning
- Replace with a new sprinkle every 3 days or as needed ,
- 100% safe for the drain
